This diagram shows an exploded perspective view of a mechanical assembly. At the top is a cap (48) with a central opening (58). Below it is a main body (10) with a top flange (14) and a central opening (66). The main body has a threaded section (18) and a base (70). A bolt (72) is shown passing through the base (70) and the main body (10). The bolt has a head (78) and a threaded section (80). The main body (10) is shown in an exploded position relative to the cap (48) and the base (70).
